**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE
STATE OF CALIFORNIA**

Order Instituting Rulemaking to Promote)	
Consistency in Methodology and Input)	R.04-04-025
Assumptions in Commission Applications of)	(Filed April 22, 2004)
Short-Run and Long-Run Avoided Costs,)	
<u>Including Pricing for Qualifying Facilities.</u>)	

**SUPPLEMENT TO SCE’S UPDATED EX ANTE ESTIMATES OF KW AND KWH
SAVINGS OF SOUTHERN CALIFORNIA EDISON COMPANY’S (U 338-E)
CUSTOMIZED ENERGY EFFICIENCY PROGRAMS**

On December 15, 2006 pursuant to Ordering Paragraph 4 of Decision 06-06-063, Southern California Edison (SCE) provided the requested information related to its customized energy efficiency programs.

In addition, on December 15, SCE revised its cost-effectiveness calculators (“E3 Calculators”) previously submitted on September 8, 2006. The revisions reflected discussions made during the quality control process initiated by Ordering Paragraph 18 of Decision 06-06-063 and summarized in the report compiled by E3 and filed with the Commission on December 15 by the joint utilities under separate cover. In the report E3 discussed its quality control review of all of the utility energy efficiency E3 calculators. SCE made the changes in its calculators which corrected for the recommendations made by E3.

In addition to the changes made to the September 8, 2006 E3 calculators in accordance with the discussions summarized in the quality control process report completed in accordance with Decision 06-06-063, SCE completed its own quality assurance process and made further corrections to its E3 calculators. Similar to the discussions summarized in the report, SCE’s changes to the calculators were made due to: input errors, the largest of which was discussed in the joint utility quality control process and affects the kW forecast; the application of DEER

values, where previously not used; and the consistent use of savings estimates across programs. SCE posted the revised calculators on its website.

As stated in the December 15 filing, SCE also reviewed the documentation for measures which were not included in SCE's September 8 filing and as such were not included in the update to that filing, but which have been added to SCE's portfolio in 2006. SCE is now supplementing its calculators with the cost effectiveness information for these additional measures, as well as any additional corrections on the current measures.

SCE's information will be available at the link below where it may be accessed.

<http://www.sce.com/aboutsce/regulatory/eefilings>

SCE appreciates the opportunity to provide this information to the Commission and all interested parties. SCE looks forward to continuing to work with the Commission in the successful provision of energy efficiency programs and impacts in California.

Respectfully submitted,

MICHAEL D. MONTOYA
LARRY R. COPE

January 3, 2007

CERTIFICATE OF SERVICE

I hereby certify that, pursuant to the Commission's Rules of Practice and Procedure, I have this day served a true copy of SUPPLEMENT TO SCE'S UPDATED EX ANTE ESTIMATES OF KW AND KWH SAVINGS OF SOUTHERN CALIFORNIA EDISON COMPANY'S (U 338-E) CUSTOMIZED ENERGY EFFICIENCY PROGRAMS on all parties identified on the attached service list(s). Service was effected by one or more means indicated below:

Transmitting the copies via e-mail to all parties who have provided an e-mail address.
First class mail will be used if electronic service cannot be effectuated.

Executed this **3rd day of January, 2007**, at Rosemead, California.

/s/ CHRISTINE SANCHEZ
